Together, we can make a lasting difference.

Introducing Our 2026 Annual Corporate Giving Program

Introducing our 2026 Annual Corporate Giving Program. One structure, purpose-driven support. NVHS is simplifying how organizations partner with us by moving away from fragmented, event-by-event sponsorships toward a primary annual partnership model. This approach enables organizations to make a single, intentional commitment that supports NVHS throughout the year while receiving recognition aligned with who they are and how they serve the veteran community.

Partners benefit from consistent, multi-channel visibility. NVHS reaches **150,000+** annual website users, **5.9K** Facebook followers, and **2,850** email subscribers, with additional exposure through signature events, including **144** golfers at our annual tournament, **500+** community leaders and elected officials at our gala, and **400+** runners with podium recognition before **400+** attendees at our annual 5K.

Annual Partnerships are our preferred path for engagement, while event participation and one-time support remain available and welcome. All NVHS partners participate through one shared annual tier structure, with recognition applied through two distinct partnership lanes, ensuring clarity, respect, and alignment for both corporate supporters and mission-driven organizations.
